

- I. The "General Guidelines" of the TFRW Policy for Counting Campaign Hours are located in the Campaign Activities Chairman" section in the TFRW Handbook. Below are some clarification points of these policies for club members and associate male members to follow when completing their "Individual Record Form for Campaign Hours." Though the individual forms vary from club to club, the policies presented by TFRW will be the same no matter what form your club chooses to use.
- II. Clarification of Associate Members.
 - A. Most male associate members are the spouse of a lady who has a primary club. Therefore, he reports his ours to his spouse's PRIMARY CLUB. Remember, regular female members turn in your campaign hours to your PRIMARY CLUB ONLY. Ladies who belong to another RW club as an associate, DO NOT give the non-primary club any hours.
- III. Candidates and Elected Officials.
 - A. Female candidates and elected officials, who belong to a RW club, turn in all your volunteer campaign hours to your primary club. As stated in item II, if the female is an associate member of other RW clubs, you only report ALL of your volunteer hours to your primary club. Male candidates and elected officials, who have a wife in a RW club, should report their hours to his wife's club. If a male candidate is single, or his wife does not belong to a RW club, he should report his volunteer hours to the club of which he is an associate member that is closest to where he lives. Even though he is an associate member of more than one RW club; nevertheless, the male should determine which club is closest to his residence.
- IV. Fundraisers and Special Events for Local, State and National Republican Party Clubs.
 - A. Work done to plan, prepare, and conduct a fundraiser to earn money for political activities of the club or for candidate(s), counts as Volunteer Campaign Hours (VCHs.) This includes anything that is done to prepare and complete a fundraiser. For example, you can count the hours preparing food, making items for sale, decorating and the clean-up afterwards.
 - B. Special Events, such as campaign rallies, counts as VCHs if it directly supports the advancement of Republican philosophy and policies. The intent of the "Special Event is to elect Republican candidates and further the Republican platform.
- V. Training Seminars/Workshops count as Volunteer Campaign Hours.
 - A. You may count time spent planning, organizing and conducting training seminars/workshops whose purpose is to further the Republican philosophy and political views with the intent of getting Republicans elected. National, State, or Locally sponsored seminars/workshops may count as VCHs. This includes, Campaign Management Schools, Get Out the Vote Seminars, Poll Watcher Training, Election Judge and Election Clerk Training, and Leadership Training. These training hours do not count if one is paid. However the hours CAN be counted,

- If one turns the money earned to a county party, your local Federated Republican Women's Club, a Republican candidate's campaign or the TRFW PAC.
- B. You may count time spent preparing for and attending TFRW meetings, including Legislative Day, the TFRW Convention, State Republican Convention and the National Convention. You may count travel to and from the meetings.
 - C. You may count time spent as a participant in the training mentioned above to include travel to and from the training.
 - D. You may count presenting political programs or speeches at Republican Women Club meetings and other Republican Clubs. You may also count such programs and speeches given at local civic clubs. You may include travel to and from the meeting.
 - E. Officers of Republican Women Clubs may count time spent on completing the duties required of that office. This may include administrative work, mailings, and other clerical work. You may count time spent on such duties as an individual or in committee meetings held at a time OTHER than the club's Regular Business meeting. Due to the nature of Club Board Meetings, those who attend the Board Meetings may count the travel to and from the meeting AND the time spent at the Board Meetings.
 - F. Chairpersons of Republican Women clubs or other Republican clubs may count time spent to complete the work required of the position as VCHs. You may count time spent on such duties as an individual at home or in a committee meeting. Again, after Club's Regular meeting, Officers and Committee Chairs can count work done to complete the duties of their position.
- VI. Are there times you DO NOT COUNT HOURS? Yes, we DO NOT count the hours that we spend at club's Monthly Meetings. We count the travel time – how long it takes you to get to the meeting and to get home. But, if a club member goes to work at Republican Party headquarters after the meeting, the member would count those hours worked at headquarters. If a club member works on a Republican Women's club project or duty after a regular meeting, those hours may be counted. **Money donated to the club or to a candidate CANNOT SUBSTITUTE FOR VOLUNTEER HOURS WORKED!**
